In discharging our responsibilities as a Data Controller we have employees who will deal with your data on our behalf (known as "**Processors**"). 2 LEGAL BASIS FOR DATA COLLECTION

2.1 Types of Data / Privacy Policy Scope

“Personal Data” means any information about an individual from which that person can be identified. It does not include data where the identity has been removed (anonymous data).

We may collect, use, store and transfer different kinds of Personal Data about you which we have grouped together below. Not all of the following types of data will necessarily be collected from you but this is the full scope of data that we collect and when we collect it from you:

- **Contact Data:** This is data relating to your phone number, addresses, email addresses, phone numbers.
- **Marketing and Communications Data:** This is your preferences in receiving marketing information and other information from us.

Nor do we collect any information about criminal convictions and offences.

2.2 The Legal Basis for Collecting That Data

There are a number of justifiable reasons under the GDPR that allow collection and processing of Personal Data. The main avenues we rely on are:

- **“Consent”:** Certain situations allow us to collect your Personal Data, such as when you tick a box that confirms you are happy to receive email newsletters from us, or ‘opt in’ to a service.
- **“Contractual Obligations”:** We may require certain information from you in order to fulfil our contractual obligations and provide you with the promised service.
- **“Legal Compliance”:** We’re required by law to collect and process certain types of data, such as fraudulent activity or other illegal actions.
- **“Legitimate Interest”:** We might need to collect certain information from you to be able to meet our legitimate interests - this covers aspects that can be reasonably expected as part of running our business, that will not have a material impact on your rights, freedom or interests. Examples could be your address, so that we know where to deliver something to, or your name, so that we have a record of who to contact moving forwards.

3 HOW WE USE YOUR PERSONAL DATA

3.1 Our Uses

We will only use your Personal Data when the law allows us to. Set out below is a table containing the different types of Personal Data we collect and the lawful basis for processing that data. Please refer to section 2.2 for more information on the lawful basis listed in the table below.

Activity	Type of data	Legal Justification	Lawful basis for processing data
when customer contacts us through the website	Contact Data	Consent	We need to process this data so that we know who you are and are able to contact you

3.2 Change of Purpose

We will only use your Personal Data for the purposes for which we collected it, unless we reasonably consider that we need to use it for another reason and that reason is compatible with the original purpose. If you wish to get an explanation as to how the processing for the new purpose is compatible with the original purpose, please contact us.

If we need to use your Personal Data for an unrelated purpose, we will notify you and we will explain the legal basis which allows us to do so.

Please note that we may process your Personal Data without your knowledge or consent, in compliance with the above rules, where this is required or permitted by law.

4 YOUR RIGHTS AND HOW YOU ARE PROTECTED BY US

4.1 How Does Bond Origination Technologies Ltd Protect Customers' Personal Data?

We are concerned with keeping your data secure and protecting it from inappropriate disclosure. Any Personal Data collected by us is only accessible by a limited number of employees who have special access rights to such systems and are bound by obligations of confidentiality. If and when we use subcontractors to store your data, we will not relinquish control of your Personal Data or expose it to security risks that would not have arisen had the data remained in our possession. However, unfortunately no transmission of data over the internet is guaranteed to be completely secure. It may be possible for third parties not under the control of Bond Origination Technologies Ltd to intercept or access transmissions or private communications unlawfully. While we strive to protect your Personal Data, we cannot ensure or warrant the security of any Personal Data you transmit to us. Any such transmission is done at your own risk. If you believe that your interaction with us is no longer secure, please contact us.

4.2 How to Request your Data and the Process for Obtaining it

You will not have to pay a fee to access your Personal Data (or to exercise any of the other rights). However, if your request is clearly unfounded, we could refuse to comply with your request.

We may need to request specific information from you to help us confirm your identity and ensure you have the right to access your Personal Data (or to exercise any of your other rights). This is a security measure to ensure that Personal Data is not disclosed to any person who has no right to receive it. We may also contact you to ask you for further information in relation to your request to speed up our response.

5 YOUR DATA AND THIRD PARTIES

5.1 Will We Share Your Data With Third Parties?

We may also share Personal Data with interested parties in the event that Bond Origination Technologies Ltd anticipates a change in control or the acquisition of all or part of our business or assets or with interested parties in connection with the licensing of our technology.

If Bond Origination Technologies Ltd is sold or makes a sale or transfer, we may, in our sole discretion, transfer, sell or assign your Personal Data to a third party as part of or in connection with that transaction. Upon such transfer, the Privacy Policy of the acquiring entity may govern the further use of your Personal Data. In all other situations your data will still remain protected in accordance with this Privacy Policy (as amended from time to time).

We may share your Personal Data at any time if required for legal reasons or in order to enforce our terms or this Privacy Policy.

6 HOW LONG WILL WE RETAIN YOUR DATA FOR?

We will only retain your Personal Data for as long as reasonably necessary to fulfil the purposes we collected it for. We may retain your Personal Data for a longer period than usual in the event of a complaint or if we reasonably believe there is a prospect of litigation in respect to our relationship with you.

7 INTERNATIONAL TRANSFER OF DATA

Your information may be stored and processed in the US or other countries or jurisdictions outside the US where Bond Origination Technologies Ltd has facilities. We are currently storing data in the EU and so, by using Bond Origination Technologies Ltd, you are permitting and consenting to the transfer of information, including Personal Data, outside of the US.

8 NOTIFICATION OF CHANGES AND ACCEPTANCE OF POLICY

We keep our Privacy Policy under review and will place any updates on this webpage. This version is dated 26 June 2020. By using Bond Origination Technologies Ltd, you consent to the collection and use of data by us as set out in this Privacy Policy. Continued access or use of Bond Origination Technologies Ltd will constitute your express acceptance of any modifications to this Privacy Policy.

9 INTERPRETATION

All uses of the word "including" mean "including but not limited to" and the enumerated examples are not intended to in any way limit the term which they serve to illustrate. Any email addresses set out in this policy may be used solely for the purpose for which they are stated to be provided, and any unrelated correspondence will be ignored. Unless otherwise required by law, we reserve the right to not respond to emails, even if they relate to a legitimate subject matter for which we have provided an email address. As a matter of common sense, you are more likely to get a reply if your request or question is polite, reasonable and there is no relatively obvious other way to deal with or answer your concern or question (e.g. FAQs, other areas of our website etc.).

Our staff are not authorised to contract on behalf of Bond Origination Technologies Ltd, waive rights or make representations (whether contractual or otherwise). If anything contained in an email from a Bond Origination Technologies Ltd address contradicts anything in this policy, our terms or any official public announcement on our website, or is inconsistent with or amounts to a waiver of any Bond Origination Technologies Ltd rights, the email content will be read down to grant precedence to the latter. The only exception to this is genuine correspondence expressed to be from the Bond Origination Technologies Ltd legal department.
